- Greatest number of 10's;
- Greatest number of 9's;
- After this, competitors still tying shall be declared equal, but for ranking purposes, i.e., position in the match play charts of elimination rounds, a toss of a coin will declare the position of those declared equal.

Elimination Rounds: For ties concerning the entrance to elimination rounds and during the elimination rounds (Individuals [WA 14.5.2.2]):

- A single arrow shoot-off for score;
- If there is still a tie, the arrow closest-to-the-centre will resolve the tie;
- Successive single arrow closest-to-the-centre shoot-offs until the tie is resolved.

Note: Forty seconds shall be the time limit allowed for a competitor to shoot one arrow in order to break ties during simultaneous shooting (WA 13.4.2). Twenty (20) seconds is the time allowed to shoot one arrow in order to break ties during alternating shooting. (WA 13.4.1).

-
- If still tied, the second closest-to-the-centre arrow will determine the winner;
 - If necessary there will be successive two (2) arrow (one arrow by each competitor) shoot-offs; the closest-to-the-centre evaluation will be used until the tie is resolved.

The time limit for a team shoot-off shall be 40 seconds for the team to shoot 2 arrows for the purpose of breaking the tie (WA 13.4.2).

Events

The competition includes a Mixed Team Competition with Double Elimination matchplay, and Individual Qualification Rounds followed by Individual Double Elimination matchplay. All Barebow competitions will use the 40 cm Recurve target with a choice of full target or vertical three spot. All Compound competitions will use the 40 cm vertical three spot target.

For the Mixed Team event, a 2-person team consists of one female and one male in the same bow division (barebow and compound). Each Participating Unit can enter up to two (2) teams in each bow division as allowed by the number of their registered athletes.

The Team matches, in which teams are seeded by random draw, shoot simultaneously a series of matches, each match consists of four (4) ends of four (4) arrows (2 per archer) shot in 80 seconds at 18 meters. The total number of arrows scored per match is 16. A Compound match is determined by the total score of the 16 arrows and a barebow match is determined by the first team reaching 5 points using set scoring (as described in Individual event below, and World Archery 14.1.4).

The top four (4) teams of each category remaining in the Mixed Team Double Elimination bracket shoot a series of matches, one at a time. Each match consists of four (4) ends of four (4) arrows (2 per archer) shot in 80 seconds at 18 meters, culminating in the Team Gold Medal match. The total number of arrows scored per match is 16. Teams shoot alternately with both members of each team shooting one arrow in each rotation (WA 13.2.3). Team members shoot individually.

The Individual Qualification Rounds shall be the total of two (2) Indoor 18m Rounds (WA 4.5.2.1 [the Indoor 18m Round consists of 60 arrows shot on a 40cm target]) followed by Double Elimination Matchplay.

In the Double Elimination Rounds (Individual), the archers of each category are seeded according to their positions as determined by their total scores in the

Qualification Round, using a standard draw sheet. The archer with the highest qualifying score will be matched with the archer with the lowest qualifying score, etc. (for example, no. 1 ranked archer plays the no. 16 ranked archer; no. 2 plays no. 15, etc.). The Individual Elimination Round matches are shot simultaneously. The compound archers shoot five (5) ends of three (3) arrows and the cumulative score decides the winner. The barebow archers use “sets” scoring (World Archery 14.1.4); the athlete with the highest score of each end receives 2 set points; in case of a tied score both athletes obtain 1 set point. As soon as an athlete reaches 6 set points (6 of 10 possible points in a 5 set match), the athlete is declared winner and passes to the next round. Each end consists of three (3) arrows shot in two (2) minutes. The two opponents shoot their respective three (3) arrows simultaneously in the same 2-minute time limit; they shoot separate targets but may shoot on the same butt.

The top four (4) archers of each division remaining in the Individual Double Elimination bracket shoot a series of matches, one at a time. In the matches of the Finals Rounds, the athletes shall shoot alternately one arrow at a time, twenty (20) seconds per arrow. Each athlete will have their own butt.
