14. Appendix A: Finger Pull Rules

1. **START:** Two players sit facing each other, one player with the right leg bent and the second player with both feet braced against the shin of the first player's bent leg.

The first player, leaning slightly to the side, braces their right elbow against their bent right thigh and places their hand on the opponent's left knee.

The second player braces their left hand on the first player's left shoulder and the two players lock their middle fingers between the first and second knuckle at the middle portion of the finger without squeezing in the hook position.

2. **MOVEMENT:**
 - a. One player is designated "defensive". This player must be sitting in the defensive position with their left leg outstretched straight on the floor. This player's wrist must be in a defensive position and the back of the hand must be facing downward (palm up). This player's shin needs to be lined up with the marked centre line (sole of foot flat against inner thigh of outstretched leg).
 - b. The second player is designated "offensive". This player's wrist must be straight up and down (palm facing left and back of hand facing right). This player's feet must remain together braced on the shin of the defensive player's bent leg, and knees be bent upright and remain together during the pull. The offensive player must not straighten their legs on the pull.
 - c. Players with long hair must have it tied back so that it does not obstruct the judge's line of sight. Players are not allowed to wear long sleeves or clothing that obstructs the judge's line of sight. The judge must be able to see the elbow in the defensive position.
 - d. Players must keep finger nails trimmed to prevent injury to other players. Officials will inspect the condition of the player's hands and nails before each match up. In cases where an injury/bleeding occurs, the head official will make a decision on return to play.
 - e. On signal, the offensive competitor pulls with a strong, slow and steady, pulling motion, with no jerking, squeezing, re-gripping or twisting motion allowed.

TECHNICAL PACKAGE
2024 ARCTIC WINTER GAMES

The object is for the second (offensive) player to pull the first player's (defensive) arm out slightly (elbow to move) or to cause the first player to straighten their finger or otherwise signal giving up. In the defensive position if the elbow stays locked the buttocks may leave the ground. Only if the arm is moved will the game be called.

In both the offensive and defensive positions, no pushing or twisting is allowed.

- f. Infractions – if a player has committed an infraction it will result in the loss of the pull. Infractions include but are not limited to:
- Jerking, twisting, re-gripping or pushing during a pull;
 - Removing hand from opponents' knee (see Section 1, first player)
 - Removing hand from the opponents' shoulder during the pull (see Section 1, second player)
3. **ATTEMPTS:** The competition consists of a best of three “pulls”. The first “pull” as described above, the second “pull” with positions reversed. If a third pull is necessary, the positions of the players are determined by a flip of a coin. The winner of the first pull calls the coin toss.
4. **SCORING:** The winner of a “pull” is declared if the defensive player's elbow moves forward, finger is straightened, loses grip, or he in some way signifies giving up. If the offensive player is unable to move the defensive player's elbow forward, straighten the defensive player's arm, or finger in 8 seconds for U18 players and 10 seconds for Open Male players, the defensive player is declared the winner.
- A player may be disqualified from the competition if in the judge's opinion he twists or jerks the opponent's hand in such a way to present a danger or injury. Infractions of jerking and twisting will result in the following:
- 1st infraction – loss of pull
 - 2nd infraction - loss of match
 - 3rd infraction – disqualification from event
- Scorekeepers should be informed by officials when an infraction occurs. Infractions carry over from one match to the next.
5. **COMPETITION FORMAT:** Double elimination format. Initial pairs determined by draw. Ties for 5th, 7th and 9th place will share the allotted points, 5th and 6th share 11 points (5.5 each), 7th and 8th share 7 points (3.5 each) and 9th and 10th share 3 points (1.5 each).

15. Appendix B: Hand Games Rules

1. **START:** This is a team competition with four (4) players on each team. Teams start in a kneeling position facing each other in pairs. The game is accompanied by drumming. Each game is provided with twelve (12) small sticks and three (3) larger sticks.

2. **MOVEMENT:** Teams take turns to hide and guess. Each player on the hiding team will take their token and with both hands hidden, place the token in one hand or the other. Presenting the hands, without revealing the token for the other team to see, the player attempts to deceive the player from the opposite team (known as the “shooter”) with elaborate gestures of the hands, arms, head and upper body. This movement takes place with all players on one team at the same time. The opposite player (shooter), by a (hand) signal, guesses the hand containing the token. The second team then repeats the motions of hiding a token for the first team to guess. Teams may rearrange their players in line during the course of the game if they choose. The charts at the end of this document display the Hand Game signals.
 1. For Arctic Winter Games, teams will consist of four (4) players and a coach. If a player cannot participate for injury reasons, the coach may be substituted if the coach is the same gender and within the same age category. Once a player is out of a competition they cannot reenter.
 2. Each team will declare one player at a time to be the captain or shooter.
 3. The captain or shooter can be changed during a game.
 4. For a four-person team, all games will start with 12 sticks. These sticks should be finger sized in diameter, 12 inches long, and may be peeled or decorated. Local tradition shall be observed in their design.
 5. Players must each have a small object to conceal in their hands. This can be a coin, rock or other small object. This object must be presented at the beginning of the game and used throughout the game. If a token is lost a new one may be used in its place.

TECHNICAL PACKAGE
2024 ARCTIC WINTER GAMES

6. Players may kneel on mats and may use a blanket or other cover to help conceal their hands when hiding.
7. There are only four calls (hand signals) used for the four-person team, as indicated on the attached sheets. All signals must be clearly visible to the judges. The call must be held until the official indicates that all tokens have been accounted for.
8. When a call (hand signals) is made, there must be a sound given with the call, this can be a loud clap of the hands, a sharp whistle, or a call such as “Ho!” or “Hutch!”
9. When a call is made, players on the opposing (hiding) team must clearly show both hands.
10. The captain or shooter must hold their position until the official indicates that they are able to return to their straight up starting position.
11. Players must not stay down too long while hiding their object, no more than eight seconds.
12. Players may either hold their hands to each side or distinctly cross their arms. Players who have their arms crossed are called in the same manner, with the side the object is actually located in counting for the purpose of the call.
13. Players may not cross and uncross their arms.
14. Players may not ask for interference from the audience in deciding the interpretation of calls or rules, as this would detract from both the spirit and tempo of the game. Players may build audience rapport and interest through skillful play and dramatic displays. Spectators shall be controlled to the sides of the Field of Play and may not stand immediately behind competitors; this area is reserved for drummers only.
15. All 12 sticks start in the middle between the opposing teams. Play is started by a guessing contest between the opposing captains, who hide and guess the position of the opposing captain’s object simultaneously. This continues until one captain is successful and the other is unsuccessful. The captain who wins this initial

TECHNICAL PACKAGE
2024 ARCTIC WINTER GAMES

- exchange wins one stick for their team, hides their object first, along with all the members of their team.
16. Each time a captain is unsuccessful in guessing the position of an opposing player's object he must give the opposing team one stick from the middle per unsuccessful guess. A player who is caught by the "shooter" is eliminated for the turn. A player who successfully deceives the opposing captain continues to play until caught. Play continues until all the sticks (12) are gone from the middle, at which time captains must draw on the collection of markers (sticks), which they have won thus far in play. Players hiding their tokens reveal their hand that the signal refers and keeps revealing that hand until the judge tells them to lower it. By a gesture of good faith, the players reveal their other hand.
 17. Players will be given one warning for infractions of these rules. Second and subsequent infractions will result in the loss of one stick to the other team for each infraction.
 18. When one team has won eleven sticks (all but one) and still has at least one player who has not been caught that remaining player assumes an important role. This last call both decides who will win the first round of the game, and which team will start the second round as the team hiding. If this one last player can deceive the opposing captain, then he wins the last (12th) stick for their team and will return all the sticks to the centre while receiving one of the larger sticks for their team (signifying they won the first round) then joining their team members hiding for the second round.
 19. One match will consist of winning two rounds of play (12+12 or 24 sticks). Tournament play requires that one team win two of three games.
 20. Officials must be able to see all competitors hands clearly.
 21. Time-outs are not allowed.
 22. Appeals on competition related matters may only be filed if they are based on procedural fairness or rule interpretation, see [AWGP25 Traditional Sport Jury Policy](#) in the Arctic Winter Games Staging Manual. Appeals may not be filed based on statements of fact, i.e. a judge or officials decision on players' move, hand signals and other competition activities.

TECHNICAL PACKAGE
2024 ARCTIC WINTER GAMES

3. **ATTEMPTS:** The competition continues, with teams alternating hiding or guessing until one team has all the other team's sticks or thirty (30) minutes has elapsed per match. If the competition reaches the thirty minute (30) limit and play is still underway, the competition will continue until that play has concluded.

4. **SCORING:** A team wins if it has all the sticks or if at the end of thirty (30) minutes it has the most sticks. If both teams have the same number of sticks, the two captains will compete for one stick only. The winner of last stick in competition shall decide if they want to hide or guess in this tie breaker.

5. **COMPETITION FORMAT:** Double elimination.

6. **EQUIPMENT:** Twelve (12) small sticks approximately 25 millimeters (twelve inches) long. Three (3) larger sticks for scoring rounds won. Each player should also have a small token for hiding. Local tradition shall be observed in the stick design.
The game should be accompanied by a minimum of eight (8) Dene drummers.

TECHNICAL PACKAGE
2024 ARCTIC WINTER GAMES

16. Appendix C: Snow Snake Rules

1. **START:** A player may be standing or may choose to walk or run to the throwing line.
2. **MOVEMENT:** Without crossing or touching the throwing line, the team player - using one hand - utilizes an underhand delivery (below the hip) and throws the spear along the surface of the snowfield. The object is to make the spear slide over the snow as far as possible. Players will be allowed a maximum of a 20' run up prior to each attempt (throw).
3. **ATTEMPTS:** Each player has three (3) attempts. One practice throw per player is allowed before the competition begins.
4. **SCORING:** The distance the spear travels from the throwing line to the tip of the spear, with the longest distance being the winner or at the point that the spear exits the trough. The spear may leave and reenter the trough during its slide.
5. **COMPETITION FORMAT:** The rotation is established by draw.
6. **EQUIPMENT:** The spear is a straight spruce or pine (not a dowel) stick 1.4 meters (4'6") in length and 25-31.75 millimeters (1" to 1-1/4") in diameter and with a natural taper, sharpened at the thicker end of the pole. The surface of the spear must be varnished.

The Host Society must provide practice spears for use by contingents. Use of other spears is not permitted. Prior to the competition, the Host Society will convene a meeting with one representative from each Contingent and the Head Official. This group will select two spears to be used for the entire competition. If a consensus cannot be reached, the Head Official will make the final decision.

The snowfield is generally level and packed; it may be on a lake and should be at least 200 meters (656 feet) in length. A trough 3 meters (10') wide with 300 millimeters (1') snow bank on either side must be developed.

TECHNICAL PACKAGE
2024 ARCTIC WINTER GAMES

17. Appendix D: Stick Pull Rules

1. **START:** Two players stand beside each other facing opposite directions. Players must have their head up looking straight ahead with their knees straight. The official places the greased stick in their hands.

2. **MOVEMENT:** On the signal to start:
 - Players pull straight backwards with a hard steady motion
 - The non-pulling hand must stay on the player's hip or behind their back
 - The elbow of the pulling hand must stay in a locked position
 - Shoulders cannot be dropped
 - Heels cannot be raised off of the floor

Feet:

- Taped starting positions will be marked on the floor by the officials
- Feet are to be shoulder width apart, they may be staggered with one foot on starting mark and the second foot behind
- Any movement of the feet during the pull will result in the player losing the pull.
- When there is a height difference between two competitors, officials will have the smaller competitor stand on a platform. This will ensure that the competitors' hands are at the same level, or close to it. This will make the pull fair for both competitors.

Grip:

- Competitors must use their bare hands for the competition
- Once the grip is set at the beginning of the pull, players cannot initiate any movement of the hands
- Competitors grip must not cross the centre line

Pull:

- Players must keep the stick parallel to the ground and in the same plane at all times with no pushing down or pulling up as they are pulling
- Jerking or bending the elbow are not allowed
- The starting position must be maintained

Other:

- Officials will not provide warnings for infractions once the competition has started

TECHNICAL PACKAGE
2024 ARCTIC WINTER GAMES

- When the official has declared an infraction, that player shall be deemed to have lost that pull
 - Once the competition has started players cannot wash their hands (water or hand sanitizer), remove the grease from their hands by rubbing them on the floor, clothing or any other object until the 2nd pull is over
 - Players may only leave the competition area with the approval of an official
3. **ATTEMPTS:** The competition consists of a best of three (3) “pulls”. The first “pull” is the right hands, the second “pull” with the left hands and the third “pull”, if necessary, is determined by the flip of a coin. The winner of the first pull calls the coin toss.
4. **SCORING:** The winner of a “pull” is declared when the stick is pulled from the hand of the opponent or if one of the players pulls the stick to the side of their body, behind their hip, and holds it for 8 seconds while their opponent is still gripping on to it, they are declared the winner.
5. **COMPETITION FORMAT:** Double elimination format. Initial pairs determined by draw. Ties for 5th, 7th and 9th place will share the allotted points, 5th and 6th share 11 points (5.5 each), 7th and 8th share 7 points (3.5 each) and 9th and 10th share 3 points (1.5 each).
6. **EQUIPMENT:** The stick is birch or spruce and shaved to a size that can be gripped comfortably. The stick is approximately 300 millimeters (12”) long and 25 millimeters (1”) in diameter at the centre and tapered to approximately 13 millimeters (1/2”) diameter at each end. The stick shall be marked with three lines: one at the centre point of the stick, and two others, 13 millimeters (1/2”) on both sides of that line. The stick is to be thoroughly greased with Crisco brand lard to make it tougher to grip. Platforms will be made from plywood. The dimensions should be 1"x30"x24". The platforms can be stacked 1" at a time up to 10". The platforms will be held together by grip tape. The grip tape will be placed between each level.

18. Appendix E: Pole Push Rules

1. **START:** Each team of four (4) players grasps opposite ends of the pole, with the centre mark of the pole positioned over the centre point of the marked circle.
2. **MOVEMENT:** On the signal, each team pushes forward on the pole attempting to push the other team out of the marked ring. The pole is to be held no higher than the shoulder and no lower than the hip.
3. **ATTEMPTS:** The competition consists of a best of three (3) “pushes”.
4. **TEAMS:** Teams must push forward at all times and are not allowed to swing the pole or let go. If they do so, the team will lose the push.
To win, a team must push all members of the other team fully outside the ring. An entire team is not allowed to move up on the pole to avoid being pushed out. If they do so, the team will lose that push.
Individual players pushed to the centre line of the pole may let go and move back to the end of the pole without being disqualified, however, if a player crosses that centre line, their team loses the push.
If a team has their side of the pole pushed to the ground and the forward movement is stopped because the pole digs into the ground, the push will be awarded to the other team.
5. **COMPETITION FORMAT:** Individual matches will be best two of three pushes. Overall competition will be double elimination. Initial pairs determined by draw.
6. **EQUIPMENT:** Open and 2006 or later Male categories shall use a dry spruce or pine pole of 6 meters (20’) and approximately 140 millimeters minimum (8” minimum) in diameter, marked at its centre.

In both cases, the pole must be the same diameter over its entire length. A variance of up to 25 millimeters (1”) is allowed.
The ring should be 9 meters (30’) in diameter and clearly marked including

NOTE #1.2: A resident of a participating Contingent who is attending school outside the Contingent is deemed to be a continuous resident of their Contingent and is eligible to compete for their residence Contingent or the Contingent in which they are attending school (if a participating Contingent) but not both.

NOTE #1.3: An individual who is a resident of a jurisdiction not eligible to compete at the Games; but who lives in a participating jurisdiction as a student, or who is there on a temporary work visa, or who is otherwise temporarily living in a participating jurisdiction; is not considered a resident of the participating jurisdiction and is therefore ineligible to compete in the Arctic Winter Games.

NOTE #1.4: Individual Contingents may impose additional requirements for eligibility for their team provided they do not contravene the intent of the AWG International Committee policies.

* The Arctic Winter Games International Committee has suspended Yamal, Russia, with immediate effect, following the attacks unfolding in Ukraine in a March 1, 2022 decision.
